Please Note:

Records are only changed/updated when we receive the proper verification in the Swim Ontario office. It is the responsibility of the coach to notify Swim Ontario of a new record and to provide us with the necessary back-up verification and information to establish the record. The pending record information should be submitted with the meet results. The coach should arrange for meet management to send two copies of the application for National and Provincial records accompanied by the time card and electronic tape, if available.

Extremely Important: The age of the swimmer(s) must be included on any "record" form -- whether an individual or relay record.
